Executive summary on 2003 Missouri vehicle stops

- Background
- Statewide Findings
- Analysis by Attorney General Nixon
- Appendix A: Local traffic stops in proportion to state racial composition
- Appendix B: Disparity indexes for 2000-2003 are compared

I. BACKGROUND

Concerns by the citizens of Missouri and the Missouri legislature regarding allegations of racial profiling by law enforcement prompted the passage of state law Section 590.650, RSMo (2000), which was enacted Aug. 28, 2000. Racial profiling has been defined as the inappropriate use of race by law enforcement when making a decision to stop, search or arrest a motorist.

Missouri's state law requires that all peace officers in the state report specific information including a driver's race for each traffic stop made in the state. Law enforcement agencies are required to turn in the data to the Attorney General, and the Attorney General is required to compile the data and report to the Governor no later than June 1 of each year. The law allows the Governor to withhold state funds for any agency which does not comply with the law. State law requires that all information be reported to the Attorney General's Office by March 1.

The summary of statewide racial profiling data has been provided by Scott H. Decker, curator's professor of criminology and criminal justice; Richard Rosenfeld, professor of criminology and criminal justice; and Jeffrey Rojek, doctoral candidate in criminology and criminal justice; all at the University of Missouri-St. Louis.

Table 1. 2003 statewide summary of results

Key Indicators	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Population	4,331,937	3,692,696	444,024	80,094	50,593	17,951	46,579

Stops	1,360,814	1,123,121	190,264	26,403	11,033	1,152	8,841
Searches	105,821	77,584	23,667	3,626	363	137	444
Arrests	74,663	55,142	16,515	2,356	268	109	273
Statewide population %	100%	85.24%	10.25%	1.85%	1.17%	.41%	1.08%
Disparity index	- - -	.97	1.36	1.05	.69	.20	.60
Search rate	7.78%	6.91%	12.44%	13.73%	3.29%	11.89%	5.02%
Contraband hit rate	21.60%	23.19%	17.47%	14.62%	14.87%	24.09%	22.97%
Arrest rate	5.49%	4.91%	8.68%	8.92%	2.43%	9.46%	3.09%

Notes: Population figures are from the 2000 census for persons 16 and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.

Contraband hit rate = (searches with contraband found / total searches) X 100.

Arrest rate = (arrests / stops) X 10.

[back to top]

II. STATEWIDE FINDINGS

The 2003 Annual Report on Missouri Traffic Stops summarizes the data from 616 law enforcement agencies in Missouri for 2003. This represents 85 percent of the 725 law enforcement agencies in the state. (An additional 53 of those agencies submitted letters indicating they made no traffic stops during the year). The agencies filing reports recorded a total of 1,360,814 traffic stops, resulting in 105,821 searches and 74,663 arrests. Table 1 breaks out the stops, searches and arrests by race and ethnic group.[1]

Four summary indicators are included in Table 1 that may be useful in initiating further assessments of racial profiling in traffic stops. The first, termed the "disparity index," relates each group's proportion of total traffic stops to its proportion of the driving-age population 16 and older.

A value of 1 on this index indicates that a group's proportion of traffic stops equals its population proportion: it is neither “under-represented” nor “over-represented” in traffic stops. Values above 1 indicate over-representation, and those below 1 indicate under-representation. For example, the 1,123,121 whites who were stopped accounted for 82.5 percent of all traffic stops in 2003.

According to the 2000 census, whites comprise 85.2 percent of Missouri's driving-age population. The value for whites on the disparity index is, therefore, .826/.852 or .97. Whites were stopped, in other words, at just slightly below the rate we would expect based on their fraction of the population.[2]

The same is not the case for several of the other groups. African-Americans represent 10.3 percent of the population 16 and older but 14 percent of all traffic stops, for a value on the disparity index of 1.36. African-Americans were stopped at a rate 36 percent higher than expected based solely on their proportion of the population 16 and older.

Hispanics were stopped at a rate slightly above their population proportion, and Asians, American Indians and persons of mixed or unknown race were stopped at a rate below their proportion of the population.

The values on the disparity index for the groups can be compared directly to one another. For example, the likelihood that an African-American motorist was stopped is 1.4 times that of a white motorist (1.36/.97). In other words, African-Americans were 40 percent more likely than whites to be stopped in 2003.

The disparity index is a gauge of the likelihood drivers of a given race or ethnic group are stopped based on their proportion of the residential population 16 and older, and not of the population of motorists on the state's streets, roads, and highways. A group's share of the residential population 16 and older may or may not equal its proportion of drivers. Although in most instances the two proportions should be close, that may not always be the case.

The extremely low index values for American Indians, for example, could indicate that they are under-represented among the state's motorists. In addition, motorists from other states are stopped on Missouri's roadways. To the extent that out-of-state drivers do not reflect the race and ethnic composition of Missouri's population, the disparity index will not accurately portray the probability that Missouri residents are stopped.

The second indicator that can be used to assess racial profiling is the "search rate," or the number of searches divided by the number of stops (x 100). (Searches include searches of drivers or property in the vehicle.)

The search rate for all motorists who were stopped is 7.78 percent. Asians were searched at a rate well below the statewide average, and African-Americans, Hispanics and American Indians were searched at rates above the average for all motorists stopped.

The search rate for the groups also can be compared directly with one another. African-Americans were 1.8 times more likely to be searched than whites (12.44/6.91). Hispanics were roughly twice as likely as whites to be searched (13.73/6.91).

The reasons for conducting a search and the outcome of the search (such as finding contraband) should be considered when making comparisons across groups. Some searches are conducted with the consent of the driver, or because the officer observed suspected contraband in plain view, had reasonable suspicion that an individual may possess a weapon (Terry search), or other reasons. These searches may or may not result in an arrest.

Other searches are conducted incident to arrest, which means there is no other reason given for the search other than arrest. These searches are almost always performed when there is an outstanding warrant.

The third summary indicator, the "contraband hit rate," reflects the percentage of searches in which contraband is found. Contraband was found in 21.6 percent of all searches conducted. However, there is considerable variation in the contraband hit rate across race and ethnic groups. The contraband hit rate for whites was 23.2 percent, compared with 17.5 percent for African-Americans and 14.6 percent for Hispanics. This means that on average searches of African-Americans and Hispanics produce less contraband than do those of whites. This difference is most likely attributable to the higher arrest rates for African-Americans and Hispanics, circumstances that compel a search.

The "arrest rate" is the fourth summary indicator included in Table 1 that may be useful for assessing racial profiling. Five and one-half percent of all traffic stops resulted in an arrest (74,663/1,360,814). The probability of arrest varies across the race and ethnic groups. Just under 9 percent of the stops of African-Americans and Hispanics resulted in arrest, compared with roughly 5 percent of the stops of whites. African-Americans and Hispanics are stopped and searched more often than whites, but they are arrested more often as well.

This year's report compares (PDF file 1,680K) the 2003 disparity index to the disparity indexes for 2002, 2001 and 2000.[3]

For each agency, the disparity index for each race-ethnic group is presented for 2000, 2001 and 2002. For the state as a whole, the key indicators show only small changes between 2002 and 2003. The disparity index is highly stable across the two years. The contraband hit rate (the fraction of searches in which contraband is found) for Hispanics drops to 14.6 percent in 2003 from 17.6 percent in 2002.

The arrest rate rises for American Indians to 9.5 percent from 5.9 percent in 2002. The search rate for American Indians exhibits a corresponding increase between 2002 and 2003 (7.8 percent to 11.9 percent).

A reasoned determination of the existence of racial profiling in a community requires a comprehensive evaluation of the full range of information compiled in the agency reports. This brief summary of selected indicators for the state as a whole is intended to stimulate those local evaluations and dialogue.

III. ANALYSIS BY ATTORNEY GENERAL JAY NIXON

This report is the fourth annual analysis of traffic stops in Missouri issued by the Attorney General's Office under Section 590.650 RSMo (2000). This report and those for 2002 and 2001 contain 12 months of data; the report for 2000 includes data from the date the law took effect (Aug. 28, 2000).

When viewed as a whole, the statewide statistics for 2003 remained largely unchanged from 2002 and 2001. The analysis of data from 2003 continues to show some degree of disparity in stop and search rates, particularly in the rates at which African-American drivers are stopped and at which African-American and Hispanic drivers who are stopped are then searched.

It is vital to keep in mind that statistical disproportion does not prove that law enforcement officers are making traffic stops based on the perceived race or ethnicity of the driver. Racial profiling, whether as an agency policy or as a practice by individual officers, cannot be proved or disproved by statistics alone. That said, analysis of the data — particularly the data supplied by individual law enforcement agencies — has proven, for the past five years, to be a springboard for constructive dialogue between the agencies and the communities they serve.

Missouri was the first state in the nation to undertake such analysis on this scale (more than 4.5 million traffic stops have been included in the traffic stops reports to date) and our state continues to be a national leader in committing resources to assess traffic stops and eliminate racial disparities. State law also requires every agency to not only have a written policy regarding racial profiling, but also to provide training to officers, and to promote the use of effective, non-combative methods for carrying out their duties in a racially and culturally diverse environment.

Law enforcement agencies in Missouri have overwhelmingly complied with the law requiring reporting of traffic stop data, both by collecting the data and by working with the Attorney General's Office to ensure that our analysis is as accurate as possible. In addition, it is important to note that fears that requiring collection of traffic stop information would result in "depolicing" — a willful refusal of law enforcement to carry out its duties — have proven to be unfounded.

A list of 56 agencies that did not meet reporting deadlines — down from 59 in 2002 — has been turned over to the Governor for imposition of the statutory sanctions. In 2003, the Missouri Department of Public Safety withheld more than $7,100 from 17 non-complying agencies that received state funding.

Section II of this report, titled Statewide Findings, provides an analysis of the 2003 data, and compares that information to prior years. This analysis is done statewide and is not a reflection on any individual jurisdiction. In addition, as with any statistical analysis, there are limitations in the data that caution against drawing conclusions on less than the overall study.

Almost every jurisdiction will have factors that may necessitate increased law enforcement patrols in certain areas or impact the demographics of drivers using its streets and thoroughfares. Agencies are given an opportunity in this report to provide a synopsis of that information.

Finally, readers of this report should note that the residential demographics for both the state and individual jurisdictions are taken from the 2000 census. The accuracy of this census in reflecting the true demographics of Missouri will lessen with each passing year, particularly as the Hispanic population of both our state and the United States continues to grow.

In conclusion, I must reiterate what I have said in my analysis of each of these reports: law-abiding drivers have the right to travel throughout Missouri without the fear that they will be stopped based solely on their race or ethnicity. I join with law enforcement officers from all parts of our state and with Missourians of all races in this commitment.

[back to top]

FOOTNOTES

Footnote 1: The figures for whites, blacks, Asians, and American Indians in Table 1 represent the number of non-Hispanic persons 16 and older who designated that race alone in the 2000 census. Hispanics may be of any race. About 1 percent of the population designated two or more races. These persons are included in the "other" category along with persons of unknown race.

Footnote 2: It remains appropriate to use the 2000 census population figures for the 2003 report. In future years, however, estimated population totals may be substituted.

Footnote 3: Caution should be used when comparing 2000 to subsequent years, especially for smaller agencies, because the 2000 figures are based on only four months of traffic data, while those for 2001, 2002 and 2003 are based on the entire year.

ACCURACY VERIFICATION

You can view all of the agency reports in two PDF files:
Part 1: Adair County-Lathrop. Part 2: Latour-Wright County.

Accuracy verification statementfor agency reports

The Attorney General's Office made extensive efforts to verify and correct all forms where numbers appeared incomplete or inaccurate. Following the March 1 deadline, calls were made to a number of agencies regarding incomplete or inaccurate data. To the extent that corrections could be determined, they were incorporated into the report.

In addition, all agencies were given the opportunity to review their final reports before publication and to make comments. At that point, corrections again were made for agencies and their comments have been included on individual city data sheets under the heading "Agency response."

RACIAL PROFILING DATA/2003

Agency: Adair County Sheriff's Dept.

Population: 20,756
age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	479	446	4	24	4	1	
Searches	85	84	0	1	0	0	
Arrests	43	42	0	1	0	0	
Statewide population %	N/A	85.24	10.25	1.85	1.17	0.41	1.08
Local population %	N/A	95.14	1.22	1.13	1.57	0.22	
Disparity index	N/A	0.98	0.69	4.43	0.53	0.94	
Search rate	17.75	18.83	0.00	4.17	0.00	0.00	
Contraband hit rate	22.35	22.62	#Error	0.00	#Error	#Error	
Arrest rate	8.98	9.42	0.00	4.17	0.00	0.00	

Notes: Population figures are from the 2000 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100. #Error indicates zero denominator.

Agency response

Stopping one black motorist in a year is hardly over-representation. No matter what race, if we believe a vehicle stop is warranted, we will stop the vehicle.

Agency response

We have four major shopping centers and six strip malls with a total of 165 retail stores and seven banks. We have two interstate highways that access our city with approximately 170,000 vehicles per day per highway. Our daytime population is approximately 50,000 and our city is located next to the St. Louis County courts, jail, and government center.

Agency response

The following are conditions and explanations that impact our minority stops: Chesterfield Mall is a major shopping mall located on 86 acres in the center of Chesterfield that has four major department stores and 140 smaller stores comprising 1.5 million square feet of shopping area. Chesterfield Valley is a major strip shopping and retail center located at the west end of the city along Interstate 64. Spirit of St. Louis Airport is the largest general aviation airport in the state, and the second busiest in the state, that also is located at the west end of the city along Interstate 64. These entities contribute to our disparity index, 3.27, for African-Americans being high. When comparing our total stops to the number of stops of drivers living within our city, our disparity index falls to .43 for African-Americans.

Agency response

High disparity rates may be caused by lots of traffic going to the Branson area on highways 65 and 160, and the amount of construction going on in Christian, Greene, Stone and Taney counties.

Agency response

Clayton is the county seat for St. Louis County. It contains the courts, government offices, juvenile detention center and the St. Louis County Justice Center, which houses over 1,200 inmates. In addition, Clayton is the home of several major corporations and contains over 6.5 million square feet of office space and 1 million square feet of retail space. It is estimated that over 80,000 people daily visit Clayton to work, shop or do business. Most of those visiting Clayton reside in the St. Louis metropolitan area. Also, a number of major thoroughfares run through Clayton carrying commuters from various parts of the county, requiring a significant amount of traffic enforcement: I-170, Forest Park Parkway, Hanley Road, Clayton Road, Brentwood Boulevard and Forsyth Boulevard. Therefore, it is felt that, for the purposes of this study, the racial makeup of the population should be in direct proportion to that of the St. Louis metropolitan area. At the very least, the racial breakdown should be in line with that of St. Louis County as a whole, rather than the resident population of Clayton.

Agency response

Clinton is located on the main route between the Kansas City metropolitan area and Springfield. As a consequence, a large number of non-Clinton residents pass through Clinton. In fact, 46 percent of all traffic stops made by the Clinton Police Department involve non-resident drivers. In addition, 36 percent of all traffic stops made by the Clinton Police Department take place on state highways. Given the large number of non-resident drivers stopped on state highways for traffic violations, any comparisons utilizing the population of Clinton are inherently flawed.

Agency response

RACIAL PROFILING DATA/2003

Agency: Cole County Sheriff's Dept.

Population: 56,070
age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	2890	2627	194	34	4	6	25
Searches	194	169	18	6	0	0	1
Arrests	129	109	17	3	0	0	0
Statewide population %	N/A	85.24	10.25	1.85	1.17	0.41	1.08
Local population %	N/A	86.46	10.17	1.14	0.91	0.35	0.98
Disparity index	N/A	1.05	0.66	1.03	0.15	0.60	0.89
Search rate	6.71	6.43	9.28	17.65	0.00	0.00	4.00
Contraband hit rate	12.37	13.02	11.11	0.00	#Error	#Error	0.00
Arrest rate	4.46	4.15	8.76	8.82	0.00	0.00	0.00

Notes: Population figures are from the 2000 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100. #Error indicates zero denominator.

RACIAL PROFILING DATA/2003

Agency: Cooper County Sheriff's Dept.

Population: 13,359
age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	75	70	4	1			
Searches	11	10	1	0			
Arrests	7	7	0	0			
Statewide population %	N/A	85.24	10.25	1.85	1.17	0.41	1.08
Local population %	N/A	87.89	9.88	0.82			
Disparity index	N/A	1.06	0.54	1.62			
Search rate	14.67	14.29	25.00	0.00			
Contraband hit rate	18.18	20.00	0.00	#Error			
Arrest rate	9.33	10.00	0.00	0.00			

Notes: Population figures are from the 2000 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100. #Error indicates zero denominator.

Agency response

Creve Coeur is centrally located in the St. Louis metropolitan area with major interstates and roadways that pass through or are immediately adjacent to the city. These roadways support the diverse business, economic and educational community located within the city limits of Creve Coeur. These roadways also serve many thousands of motorists throughout the region traveling to and from various destinations. Thus, the motorists stopped for traffic violations are more reflective of the population of the metropolitan area rather than the resident population Creve Coeur. The Creve Coeur Police Department enforces violations of traffic laws in a fair and equal manner for the safety of all motorists.

Arrest rate	6.02	5.24	16.13	40.00			#Error

Notes: Population figures are from the 2000 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100. #Error indicates zero denominator.

Agency response

Festus has a large interstate highway (I-55) that runs through the middle of the city. This interstate brings several thousand people from outside the area to our city. Our city also has several large retail establishments patronized by people from throughout the area. There are several restaurants, gas stations and hotels near our interstate exits that have the ability to cater to a larger driving population.

Agency response

This report does not take into consideration the major highways and arterial roads, as well as large shopping districts and the number of people employed with the jurisdiction. The Ferguson-Florissant School District has two high schools, 10 grade schools and two middle schools in our city and the student population is 60 percent African-American. Our city has two adjacent municipalities with a large population of African-American citizens, many of whom shop in Florissant because they don't have supermarkets there.

Agency response

Gladstone has three state highways and one interstate highway that run through the area. There also is a major home improvement center in the southwest corner of the city. The center draws retail business from throughout the area including residents from Kansas. This center also is located close to three of the four highways that run through Gladstone. It also should be noted that Gladstone is entirely landlocked by Kansas City, Mo., with major thoroughfares that allow through travel by Kansas City residents. A review of the data submitted shows that 15 percent of the blacks and 14 percent of the Hispanics that my officers came into contact with occurred during stops on the highways that run through our city. Also, when looking at the resident status of the drivers stopped, we noted that only 16 percent of the black drivers, 26 percent of the Hispanic drivers, and 26 percent of the Asian drivers were Gladstone residents. This would indicate that the majority of the drivers in each instance lived outside Gladstone. If this information was being utilized in the calculation of the disparity index, which measures against the community's population figures, then the disparity index should drop proportionately and reflect that there is not a disparity in Gladstone.

Agency response

Glendale is a bedroom community in St. Louis County. Although we have a small minority population, we share borders with Kirkwood, Rock Hill and Webster Groves, all of which have more diverse populations. State Route 100 (averages 29,598 vehicles daily); Lockwood Boulevard (10,560 vehicles); Berry Road (9,080 vehicles); and Sappington Road (7,000 vehicles) are the main thoroughfares. Berry Road feeds into Interstate 44, which is just south of the city limits. There are four major shopping malls that surround our city within a short driving distance.

Agency response

Our agency maintains a large percent of traveling population. With a major highway connecting Kansas City and Springfield, we experience a great deal of passing-through traffic. This should be considered for a more accurate picture of our data.

Agency response

The majority of the stops were from speeding violations on U.S. Hwy. 54,the primary route to Jefferson City from I-70. Because of this, the comparative results of stops to population would not be valid in determining disparity. When conducting speed enforcement on the highway, officers usually track speeding vehicles with radar at a much greater distance than on city streets. The officer would not be aware of the driver's race until after the violation has been identified and the decision to stop has been made. Eight of the 16 Hispanics stopped were for violations on Hwy. 54 and most were not residents of Holts Summit. The search rate is based on two searches out of 16 stops. One was incident to arrest and the other was based on odor of alcohol/drugs. With only a pool of 16 stops and two searches, there is an insufficient database for appropriate results. I do not believe there is a racial profiling concern here. There also is insufficient data to make any proper evaluation for Asian drivers. Only three stops were made for the entire year. In conclusion, there does not appear to be any racial profiling problem identified by this report. I also would like to state that the state law requiring the collection and reporting of data to the state under threat of loss of state funding is clearly a violation of the Hancock Amendment as an unfunded mandate. The city of Holts Summit must expend several thousand dollars to train, collect, report and analyze data. I request that the state fund the law accordingly.

Agency response

Highway 13, a major through way from Kansas City to the Springfield/Branson area, runs through our jurisdiction. We also have an intersection, Highway 13 and Route N, which has had several fatal accidents, so we patrol it regularly. This regular patrol is to keep speeds down and hopefully avoid any more accidents.

Agency response

The Independence Police Department, an internationally accredited agency, does not tolerate any form of bias-based profiling. This racial makeup of our motoring public does not reflect the racial makeup of our population due to our close proximity to Kansas City, Mo., and other neighboring cities with significant minority populations. Other factors include major east/west highways entering the city, including I-70, Kansas City, Mo., public schools in Independence, and major retail shopping and entertainment destinations. In 2003, there were three internal affairs complaints from motorists citing race as the reason for being stopped. Two were not sustained and one was exonerated.

Agency response

The report prepared by the Attorney General's Office may provide an incomplete picture of traffic stop activities by the Joplin Police Department. The presence of large employment, retail, commercial and medical sites within Joplin results in a daily service population in excess of 225,000 people; five times greater than the resident population. Until valid data on the demographics of "the population of minority groups residing or traveling within the jurisdiction" is generated, comparisons of traffic stop data to local resident population demographics could easily lead to erroneous conclusions about law enforcement activities.

Agency response

Disparity indexes have not fluctuated significantly since the data collection began in 2000. However, these numbers should be interpreted cautiously. Specifically, relying on the census population for ages 16 and over as a benchmark does not provide a realistic picture of the driving population in Kansas City, Mo., at any given time. There are several major thoroughfares that run through the city, including I-29, I-35 and I-70 that contain a large percentage of drivers not reflected in the static census population used for comparison purposes. Also, Kansas City is contained within a metropolitan population of about 1.5 million, which adds to the commuter population on the major thoroughfares. Also, when examining search rates, the probable cause/authority to search reasons should be considered. A software transition from scanned forms to a fully automated data collection system results in arrests being counted only as a result of search. Arrest counts resulting from search causes of “incident to arrest” and “inventory” were understated due to officer interpretation of the new software. It should also be noted that the police department views traffic stop data collection as one of many tools to address the issue of racial profiling. Other tools used by the department include training, community programs, and policies.

RACIAL PROFILING DATA/2003

Agency response

Kirksville is home to two major universities whose enrollment data is not typically reflected in the census figures. Truman State University and A.T. Still University account for an additional 6,000 students/residents (16 percent of whom are identified as other than white, and 96 percent comes from outside Kirksville, including at least 260 international students). Kirksville is located on one of the few major north-south state highways (Highway 63) that services northern Missouri and southern Iowa. 8,700 vehicles per day travel the highway into and out of town. Kirksville is the largest city for hundreds of miles and is the cultural/economic hub for a very large area. This expands the pool of those not counted in the city's census information.

RACIAL PROFILING DATA/2003

Agency response

When officers detect violators operating vehicles, the ethnicity of the driver is usually not known. At night, seldom known.

Agency response

Interstate 70 borders Lake Saint Louis north and U.S. 40/61 bisects the south end of the municipality, resulting in a fair amount of itinerant traffic. Consequently, many drivers stopped for traffic violations in this jurisdiction are non-residents. Because of this, calculating a disparity index based on a comparison of the ethnicity of drivers stopped with the ethnicity of the local population may be somewhat misleading. For example, while the disparity index for blacks indicates over-representation when based on local population, under-representation is indicated when the comparison is calculated based on statewide population.

Agency response

We have two poultry plants which increase the Hispanic population driving in Lanagan. We have two state highways going through Lanagan. We are located between three towns which increase our flow of traffic.

Contraband hit rate	#Error	#Error	#Error	#Error			
Arrest rate	0.00	0.00	0.00	0.00			

Notes: Population figures are from the 2000 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100. #Error indicates zero denominator.

Agency response

The 25,750 population used in this report does not reflect the true demographics of Maryland Heights. Maryland Heights has 1,813 businesses, which employ 52,233 people. The city contains Harrah's Casino, which had 6 million visitors in 2003. The 20,000-seat UMB Bank Pavilion Amphitheater had 307,000 visitors in 2003. The city has 20 hotels with 3,249 rooms. Maryland Heights has 61 liquor establishments selling alcohol by the drink. Finally, the section of I-270 in Maryland Heights has an average daily traffic count reported by MoDOT of 180,000 vehicles, second highest in the state. The demographics of the 66,400 vehicles on I-270, the 6 million visitors to the casino, the 307,000 visitors to the amphitheater, and the 52,233 people employed in Maryland Heights are unknown and impact the validity of this report.

Agency response

The 2000 census does not accurately reflect the Hispanic and black population. The local pork processing plant employs Hispanics and blacks who weren't included in the 2000 count. Also, the Hispanics employed by PSF seem to be transient in nature. There is a turnover of these employees every three to six months who must learn the traffic laws of Missouri and this community.

Agency response

There are two large poultry plants that hire a large number of Hispanics. One plant, Tysons, is in Monett and the other plant, George's, is 12 miles south of Monett. Due to the large number of undocumented Hispanics, we have numerous traffic related problems (no valid drivers license, no vehicle insurance).

RACIAL PROFILING DATA/2003

Agency: Moniteau County Sheriff's Dept.

Agency response

Olivette has two major highways within its boundaries: I-170 is on the east and Highway 340 (Olive Boulevard) is a pipeline connecting thousands of people traveling into and through Olivette for business and pleasure. Olivette has several employers that employ hundreds of people. Over 53,000 vehicles utilize Olive Boulevard each day. Traffic enforcement, along with vehicle accident investigations and other highway incidents, make up the majority of the police departments duties. In 2002, we increased the traffic enforcement which lowered the accident rate. The Olivette Police Department is committed to making the streets within our boundaries as safe as possible for all people living, visiting, working or traveling through our city.

Agency response

Osage Beach is in the heart of the Lake of the Ozarks recreation area. The 110 stores of the Factory Outlet Village Mall also make the city a regional shopping destination. The population expands from 3,142 year-round to well over 50,000 on the weekends, especially during the summer vacation season and fall shopping season. This influx explains the disparity between the local population and the drivers contacted and included in the racial profiling report for 2003. In addition, we have experienced a recent increase in our transient Hispanic population due to the local labor needs of the tourist industry.

Agency response

Our demographics for Pike County consist of the following highways and roads: Missouri 79, U.S. 54, U.S. 61 and Missouri 161. There are also numerous county paved highways and gravel roads. We have the Hercules Chemical Plant, Holcim Cement Plant, Plastic Factory, prison, Clarksville Dam and eight area schools.

Agency response

Percentages relating to traffic stops will not be accurate due to approximately 95 percent of our traffic stops involving non-residents on state roadways and interstate highways, and a high volume of traffic going to businesses located to the north and south of this jurisdiction.

Agency response

We have several east/west routes through our city with heavy traffic flow. The city is 10 square miles with 30,000 population and the school district is 32 square miles and serves nearly 60,000. 68 percent of our traffic stops are not Raytown residents.

Agency response

Richmond Heights is a 2.8-square-mile city incorporated in 1913 located on the western boundaries of St. Louis. Richmond Heights has three miles of U.S. 64 (Highway 40) running directly through it. Highway I-170 runs north and south from U.S. 64 to the city limits of Clayton. Located in Richmond Heights is the Galleria Shopping Mall. The Galleria Mall generates approximately 10 million shoppers or visitors each year. Richmond Heights has numerous office buildings including the 23-story University Club Towers office building. Richmond Heights also borders Clayton, which is the county seat for St. Louis County. Thousands of vehicles daily travel through Richmond Heights due to its geographic location. Estimated daytime population of Richmond Heights is 25,000.

Search rate	9.09	9.09					
Contraband hit rate	100.00	100.00					
Arrest rate	9.09	9.09					

Notes: Population figures are from the 2000 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100. #Error indicates zero denominator.

Agency response

The Shrewsbury Police Department is committed to the fair treatment of all citizens and visitors of our community. We support the Missouri Attorney General's efforts to better understand traffic enforcement activity and patterns. However, since the data in the Attorney General's report is descriptive in nature and not interpretive, further analysis of traffic stops, arrests and searches is needed so that more meaningful interpretations of the data can be made. Race-neutral explanations need to be considered and ruled out before any possible conclusions relating to disparate treatment can be drawn. Furthermore, we believe it would be more prudent to examine traffic enforcement activity in terms of the population that travels upon a community's roadways rather than its resident population. This would allow the data to then be examined in a much more appropriate context that would take into account the diversity of the surrounding region and the uniqueness of the motoring population of each individual community.

Agency response

The analysis does not consider the fact that 29 percent of the city's total traffic stops are non-residents. The Attorney General's analysis only compares the traffic stop data to the census population. Springfield is situated on Interstate 44 and is a destination for tourists traveling south to Branson and to the local Bass Pro Shops, the No. 1 tourist attraction in Missouri. Additionally, when examining the search rates, the probable cause/authority to search reasons should be taken into consideration.

Agency response

Station Casino had about 9 million attendance in 2003. The Department of Tourism estimated 1,250,000 plus visitors in 2003. Lindenwood University has 2,700 campus residents and 5,500 commuters. Interstate Highway 70 - five miles, Missouri Highway 370 - 5.5 miles, Highway 364 - one mile. There are two major highways, I-70 and I-370, providing access from the east and west. Major Route 94 provides access north and south through the city. The casino employs many individuals and has customers from the St. Louis metropolitan area. Criminal activity in St. Charles is, to some degree, attributable to persons who reside outside the city and who live in the St. Louis area. St. Charles has several major shopping centers that include Bass Pro, Sam's Retail Outlet, Wal-Mart, Lowe's, Home Depot and Target.

Agency response

62 percent of the traffic stops originated on St. Charles Rock Road (state Highway 180). This is a major thoroughfare between St. Louis and municipalities to the east that are predominately minority. Spot studies show that as much as 70 percent of the traffic traversing St. John on Highway 180 is minority. The rate of minority drivers is quite disproportionate to the citizens of St. John. The city has the first shopping center with a grocery store west of these minority communities and is the main corridor to Northwest Plaza, a large shopping center just west of St. John.

Agency response

Some 8.4 percent of the persons stopped by St. Louis police in 2003 were searched (2,725 searches out of 32,436 total traffic stops). Black citizens were, however, searched in 11.1 percent of traffic stops, as compared to 6.1 percent of white citizens. In effect, 661 more black citizens than white citizens were searched. Closer examination reflected that the disparity in the search rate was largely due to black citizens having an outstanding warrant in 696 cases, as compared to 110 cases for white citizens, a difference of 586. Since warrants issued by the courts have a bail requirement, officers must make a full custody arrest in those situations, which requires a search. The data further reflects that the reason for probable cause for the search reported by officers was higher for black citizens than white citizens for all reasons listed, to include incident to arrest (+388), voluntary consent (+152), reasonable suspicion of a weapon (+72), etc.

RACIAL PROFILING DATA/2003

Agency: St. Louis County Police Dept.

Population: 790,046
age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other

Arrest rate	6.55	5.39	9.55	7.45	1.84	5.88	2.53

Notes: Population figures are from the 2000 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100. #Error indicates zero denominator.

Agency response

While the data compiled in this report is informative, any conclusions drawn from the data must be tempered with common sense. For example, population data used to calculate the disparity index does not include members of the minority community that reside in the city of St. Louis and, therefore, increases the diversity of drivers on the roads within St. Louis County. Nor does the data reflect that in a majority of traffic stops, police officers do not know the race of the driver prior to initiating the traffic stop. The St. Louis County Police Department has a longstanding policy prohibiting all investigative detentions, traffic stops, arrests, searches or seizures of property based solely on race, ethnicity, gender, sexual orientation, religious beliefs, disability or economic level. All commissioned officers participate in annual cultural diversity and sensitivity training and specialized training that prohibits the illegal practice of racial profiling. The St. Louis County Police Department will continue to gather and monitor the data required in this report to ensure our officers continue to respect the rights of every individual.

Agency response

The following conditions may influence minority contacts in St. Peters: Interstate 70, Missouri highways 94, 370 and 364 pass through or terminate within the community. The Westfield Shopping Town Mall, a major retail development, is located along Interstate 70 and Highway 370. The community is home to several regionally significant office and professional campuses. Employees of local businesses, commuter traffic and retail customers significantly increase in the community's non-resident driving population.

Agency response

We are very unique in our population because of our role in the community. We are a university police department with approximately 16,000 students and another 3,000 faculty and staff personnel. Our student population is a diverse mix of international students and local community participants. Furthermore, the “transient” or “passing through” driving population is such that it is not measurable. There is no real community standards, or city to base our population on that would be an accurate depiction of our university. In addition, the amount of visitors to our campus for various functions is also not measurable. It is unknown what percentages of stops are made on university-related people and the number that is happenstance.

Agency response

Our agency services an area with a large percent of traveling population. Bordering Truman Lake and the increased amount of traffic that is encountered during the Missouri State Fair in nearby Sedalia would need to be considered for a more accurate picture of our data.

Agency response

The following is offered as additional information to further clarify and help put the data in fuller context. Located within the city limits are six major chain hotels and three major chain car rental agencies that employ Blacks as a large percentage of their workforce. Woodson Terrace is bordered to the east by Berkeley, whose majority population is Black. Located within the city limits are two Mexican restaurants, two Mexican groceries, one Hispanic currency exchange and an insurance brokerage firm whose primary clients and workforce are Hispanic. Interstate 70 and state Highway 115 travel east and west through the city and state Highway EE travels north and south with these major routes connecting Woodson Terrace to the surrounding and outlying areas. The north city limits adjoin Lambert St. Louis International Airport, which attracts a diverse segment of the population to include Blacks and Hispanics, with access gained via I-70 and Highway 115.

Notes: Proportion of stops by racial category/proportion of statewide population of that racial category. A value of 1 indicates local stops within a racial category equivalent to that racial groups proportion in the state population. A value less than 1.0 indicates a lower proportion of stops of that racial group lower than its proportion in the state population. A value greater than 1.0 indicates a higher proportion of that racial group than its proportion of the statewide population.

Appendix B: Disparity indexes for 2003, 2002, 2001 and 2000 are compared

RACIAL PROFILING DATA/2003

Agency: Adair County Sheriff's Dept.

Population: 20,756
age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	479	446	4	24	4	1	
Searches	85	84	0	1	0	0	
Arrests	43	42	0	1	0	0	
Statewide population %	N/A	85.24	10.25	1.85	1.17	0.41	1.08
Local population %	N/A	95.14	1.22	1.13	1.57	0.22	
Disparity index	N/A	0.98	0.69	4.43	0.53	0.94	
Search rate	17.75	18.83	0.00	4.17	0.00	0.00	
Contraband hit rate	22.35	22.62	#Error	0.00	#Error	#Error	
Arrest rate	8.98	9.42	0.00	4.17	0.00	0.00	

Notes: Population figures are from the 2000 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100. #Error indicates zero denominator.

Agency response

Stopping one black motorist in a year is hardly over-representation. No matter what race, if we believe a vehicle stop is warranted, we will stop the vehicle.

Agency response

We have four major shopping centers and six strip malls with a total of 165 retail stores and seven banks. We have two interstate highways that access our city with approximately 170,000 vehicles per day per highway. Our daytime population is approximately 50,000 and our city is located next to the St. Louis County courts, jail, and government center.

Agency response

The following are conditions and explanations that impact our minority stops: Chesterfield Mall is a major shopping mall located on 86 acres in the center of Chesterfield that has four major department stores and 140 smaller stores comprising 1.5 million square feet of shopping area. Chesterfield Valley is a major strip shopping and retail center located at the west end of the city along Interstate 64. Spirit of St. Louis Airport is the largest general aviation airport in the state, and the second busiest in the state, that also is located at the west end of the city along Interstate 64. These entities contribute to our disparity index, 3.27, for African-Americans being high. When comparing our total stops to the number of stops of drivers living within our city, our disparity index falls to .43 for African-Americans.

Agency response

High disparity rates may be caused by lots of traffic going to the Branson area on highways 65 and 160, and the amount of construction going on in Christian, Greene, Stone and Taney counties.

Agency response

Clayton is the county seat for St. Louis County. It contains the courts, government offices, juvenile detention center and the St. Louis County Justice Center, which houses over 1,200 inmates. In addition, Clayton is the home of several major corporations and contains over 6.5 million square feet of office space and 1 million square feet of retail space. It is estimated that over 80,000 people daily visit Clayton to work, shop or do business. Most of those visiting Clayton reside in the St. Louis metropolitan area. Also, a number of major thoroughfares run through Clayton carrying commuters from various parts of the county, requiring a significant amount of traffic enforcement: I-170, Forest Park Parkway, Hanley Road, Clayton Road, Brentwood Boulevard and Forsyth Boulevard. Therefore, it is felt that, for the purposes of this study, the racial makeup of the population should be in direct proportion to that of the St. Louis metropolitan area. At the very least, the racial breakdown should be in line with that of St. Louis County as a whole, rather than the resident population of Clayton.

Agency response

Clinton is located on the main route between the Kansas City metropolitan area and Springfield. As a consequence, a large number of non-Clinton residents pass through Clinton. In fact, 46 percent of all traffic stops made by the Clinton Police Department involve non-resident drivers. In addition, 36 percent of all traffic stops made by the Clinton Police Department take place on state highways. Given the large number of non-resident drivers stopped on state highways for traffic violations, any comparisons utilizing the population of Clinton are inherently flawed.

Notes: Population figures are from the 2000 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100. #Error indicates zero denominator.

Agency response

Creve Coeur is centrally located in the St. Louis metropolitan area with major interstates and roadways that pass through or are immediately adjacent to the city. These roadways support the diverse business, economic and educational community located within the city limits of Creve Coeur. These roadways also serve many thousands of motorists throughout the region traveling to and from various destinations. Thus, the motorists stopped for traffic violations are more reflective of the population of the metropolitan area rather than the resident population Creve Coeur. The Creve Coeur Police Department enforces violations of traffic laws in a fair and equal manner for the safety of all motorists.

Agency response

Festus has a large interstate highway (I-55) that runs through the middle of the city. This interstate brings several thousand people from outside the area to our city. Our city also has several large retail establishments patronized by people from throughout the area. There are several restaurants, gas stations and hotels near our interstate exits that have the ability to cater to a larger driving population.

Agency response

This report does not take into consideration the major highways and arterial roads, as well as large shopping districts and the number of people employed with the jurisdiction. The Ferguson-Florissant School District has two high schools, 10 grade schools and two middle schools in our city and the student population is 60 percent African-American. Our city has two adjacent municipalities with a large population of African-American citizens, many of whom shop in Florissant because they don't have supermarkets there.

RACIAL PROFILING DATA/2003

Agency: Franklin County Sheriff's Dept.

Population: 71,088
age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	694	688	5	1			
Searches	72	71	1	0			
Arrests	30	29	1	0			
Statewide population %	N/A	85.24	10.25	1.85	1.17	0.41	1.08
Local population %	N/A	97.28	0.90	0.64			
Disparity index	N/A	1.02	0.80	0.22			
Search rate	10.37	10.32	20.00	0.00			
Contraband hit rate	22.22	21.13	100.00	#Error			
Arrest rate	4.32	4.22	20.00	0.00			

Notes: Population figures are from the 2000 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100. #Error indicates zero denominator.

Agency response

Gladstone has three state highways and one interstate highway that run through the area. There also is a major home improvement center in the southwest corner of the city. The center draws retail business from throughout the area including residents from Kansas. This center also is located close to three of the four highways that run through Gladstone. It also should be noted that Gladstone is entirely landlocked by Kansas City, Mo., with major thoroughfares that allow through travel by Kansas City residents. A review of the data submitted shows that 15 percent of the blacks and 14 percent of the Hispanics that my officers came into contact with occurred during stops on the highways that run through our city. Also, when looking at the resident status of the drivers stopped, we noted that only 16 percent of the black drivers, 26 percent of the Hispanic drivers, and 26 percent of the Asian drivers were Gladstone residents. This would indicate that the majority of the drivers in each instance lived outside Gladstone. If this information was being utilized in the calculation of the disparity index, which measures against the community's population figures, then the disparity index should drop proportionately and reflect that there is not a disparity in Gladstone.

Agency response

Glendale is a bedroom community in St. Louis County. Although we have a small minority population, we share borders with Kirkwood, Rock Hill and Webster Groves, all of which have more diverse populations. State Route 100 (averages 29,598 vehicles daily); Lockwood Boulevard (10,560 vehicles); Berry Road (9,080 vehicles); and Sappington Road (7,000 vehicles) are the main thoroughfares. Berry Road feeds into Interstate 44, which is just south of the city limits. There are four major shopping malls that surround our city within a short driving distance.

Disparity index	N/A	1.03					
Search rate	0.00	0.00					
Contraband hit rate	#Error	#Error					
Arrest rate	0.00	0.00					

Notes: Population figures are from the 2000 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100. #Error indicates zero denominator.

Agency response

Our agency maintains a large percent of traveling population. With a major highway connecting Kansas City and Springfield, we experience a great deal of passing-through traffic. This should be considered for a more accurate picture of our data.

Agency response

The majority of the stops were from speeding violations on U.S. Hwy. 54,the primary route to Jefferson City from I-70. Because of this, the comparative results of stops to population would not be valid in determining disparity. When conducting speed enforcement on the highway, officers usually track speeding vehicles with radar at a much greater distance than on city streets. The officer would not be aware of the driver's race until after the violation has been identified and the decision to stop has been made. Eight of the 16 Hispanics stopped were for violations on Hwy. 54 and most were not residents of Holts Summit. The search rate is based on two searches out of 16 stops. One was incident to arrest and the other was based on odor of alcohol/drugs. With only a pool of 16 stops and two searches, there is an insufficient database for appropriate results. I do not believe there is a racial profiling concern here. There also is insufficient data to make any proper evaluation for Asian drivers. Only three stops were made for the entire year. In conclusion, there does not appear to be any racial profiling problem identified by this report. I also would like to state that the state law requiring the collection and reporting of data to the state under threat of loss of state funding is clearly a violation of the Hancock Amendment as an unfunded mandate. The city of Holts Summit must expend several thousand dollars to train, collect, report and analyze data. I request that the state fund the law accordingly.

Agency response

Highway 13, a major through way from Kansas City to the Springfield/Branson area, runs through our jurisdiction. We also have an intersection, Highway 13 and Route N, which has had several fatal accidents, so we patrol it regularly. This regular patrol is to keep speeds down and hopefully avoid any more accidents.

Agency response

The Independence Police Department, an internationally accredited agency, does not tolerate any form of bias-based profiling. This racial makeup of our motoring public does not reflect the racial makeup of our population due to our close proximity to Kansas City, Mo., and other neighboring cities with significant minority populations. Other factors include major east/west highways entering the city, including I-70, Kansas City, Mo., public schools in Independence, and major retail shopping and entertainment destinations. In 2003, there were three internal affairs complaints from motorists citing race as the reason for being stopped. Two were not sustained and one was exonerated.

Agency response

The report prepared by the Attorney General's Office may provide an incomplete picture of traffic stop activities by the Joplin Police Department. The presence of large employment, retail, commercial and medical sites within Joplin results in a daily service population in excess of 225,000 people; five times greater than the resident population. Until valid data on the demographics of "the population of minority groups residing or traveling within the jurisdiction" is generated, comparisons of traffic stop data to local resident population demographics could easily lead to erroneous conclusions about law enforcement activities.

Disparity index	N/A	0.98	1.13	0.82	0.58	0.26	0.75
Search rate	5.41	2.56	10.59	8.34	1.68	9.68	1.80
Contraband hit rate	13.45	14.94	12.49	14.71	22.73	25.00	20.00
Arrest rate	2.28	1.13	4.44	2.93	0.46	5.65	1.22

Notes: Population figures are from the 2000 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100. #Error indicates zero denominator.

Agency response

Disparity indexes have not fluctuated significantly since the data collection began in 2000. However, these numbers should be interpreted cautiously. Specifically, relying on the census population for ages 16 and over as a benchmark does not provide a realistic picture of the driving population in Kansas City, Mo., at any given time. There are several major thoroughfares that run through the city, including I-29, I-35 and I-70 that contain a large percentage of drivers not reflected in the static census population used for comparison purposes. Also, Kansas City is contained within a metropolitan population of about 1.5 million, which adds to the commuter population on the major thoroughfares. Also, when examining search rates, the probable cause/authority to search reasons should be considered. A software transition from scanned forms to a fully automated data collection system results in arrests being counted only as a result of search. Arrest counts resulting from search causes of “incident to arrest” and “inventory” were understated due to officer interpretation of the new software. It should also be noted that the police department views traffic stop data collection as one of many tools to address the issue of racial profiling. Other tools used by the department include training, community programs, and policies.

RACIAL PROFILING DATA/2003

Agency: Kimmswick Police Dept.

Population: 78
age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	131	128		3			
Searches	12	11		1			
Arrests	9	8		1			
Statewide population %	N/A	85.24	10.25	1.85	1.17	0.41	1.08
Local population %	N/A	87.18		0.00			
Disparity index	N/A	1.12		#Error			
Search rate	9.16	8.59		33.33			
Contraband hit rate	25.00	27.27		0.00			
Arrest rate	6.87	6.25		33.33			

Notes: Population figures are from the 2000 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100. #Error indicates zero denominator.

Agency response

Kirksville is home to two major universities whose enrollment data is not typically reflected in the census figures. Truman State University and A.T. Still University account for an additional 6,000 students/residents (16 percent of whom are identified as other than white, and 96 percent comes from outside Kirksville, including at least 260 international students). Kirksville is located on one of the few major north-south state highways (Highway 63) that services northern Missouri and southern Iowa. 8,700 vehicles per day travel the highway into and out of town. Kirksville is the largest city for hundreds of miles and is the cultural/economic hub for a very large area. This expands the pool of those not counted in the city's census information.

RACIAL PROFILING DATA/2003

Agency: Knox County Sheriff's Dept.

Population: 3,401
age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	43	43					
Searches	32	32					
Arrests	43	43					
Statewide population %	N/A	85.24	10.25	1.85	1.17	0.41	1.08
Local population %	N/A	98.44					
Disparity index	N/A	1.02					
Search rate	74.42	74.42					
Contraband hit rate	68.75	68.75					
Arrest rate	100.00	100.00					

Notes: Population figures are from the 2000 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100. #Error indicates zero denominator.

Agency response

When officers detect violators operating vehicles, the ethnicity of the driver is usually not known. At night, seldom known.

Agency response

Interstate 70 borders Lake Saint Louis north and U.S. 40/61 bisects the south end of the municipality, resulting in a fair amount of itinerant traffic. Consequently, many drivers stopped for traffic violations in this jurisdiction are non-residents. Because of this, calculating a disparity index based on a comparison of the ethnicity of drivers stopped with the ethnicity of the local population may be somewhat misleading. For example, while the disparity index for blacks indicates over-representation when based on local population, under-representation is indicated when the comparison is calculated based on statewide population.

Agency response

We have two poultry plants which increase the Hispanic population driving in Lanagan. We have two state highways going through Lanagan. We are located between three towns which increase our flow of traffic.

RACIAL PROFILING DATA/2003

Agency: Lancaster Police Dept.

Population:569
age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	10	9				1	
Searches	0	0				0	
Arrests	0	0				0	
Statewide population %	N/A	85.24	10.25	1.85	1.17	0.41	1.08
Local population %	N/A	99.47				0.18	
Disparity index	N/A	0.90				56.90	
Search rate	0.00	0.00				0.00	
Contraband hit rate	#Error	#Error				#Error	
Arrest rate	0.00	0.00				0.00	

Notes: Population figures are from the 2000 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100. #Error indicates zero denominator.

RACIAL PROFILING DATA/2003

Agency: Lilbourn Police Dept.

Population:950
age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	391	230	155	6			
Searches	35	19	15	1			
Arrests	18	8	9	1			
Statewide population %	N/A	85.24	10.25	1.85	1.17	0.41	1.08
Local population %	N/A	71.26	27.26	0.84			
Disparity index	N/A	0.83	1.45	1.82			
Search rate	8.95	8.26	9.68	16.67			
Contraband hit rate	40.00	26.32	60.00	0.00			
Arrest rate	4.60	3.48	5.81	16.67			

Notes: Population figures are from the 2000 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100. #Error indicates zero denominator.

Agency response

The city's largest employer, a steel plant, employs people from outside our jurisdiction. The largest tourist attraction, The Laura Ingalls Wilder Home and Museum, attracts more than 60,000 persons annually.

RACIAL PROFILING DATA/2003

Agency: Maplewood Police Dept.

Population:7,714
age 16 and over

RACIAL PROFILING DATA/2003

Agency: Marquand Police Dept.

Population:177
age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	10	9	1				
Searches	5	5	0				
Arrests	1	1	0				
Statewide population %	N/A	85.24	10.25	1.85	1.17	0.41	1.08
Local population %	N/A	96.61	0.00				
Disparity index	N/A	0.93	#Error				
Search rate	50.00	55.56	0.00				
Contraband hit rate	40.00	40.00	#Error				
Arrest rate	10.00	11.11	0.00				

Notes: Population figures are from the 2000 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100. #Error indicates zero denominator.

Agency response

The 25,750 population used in this report does not reflect the true demographics of Maryland Heights. Maryland Heights has 1,813 businesses, which employ 52,233 people. The city contains Harrah's Casino, which had 6 million visitors in 2003. The 20,000-seat UMB Bank Pavilion Amphitheater had 307,000 visitors in 2003. The city has 20 hotels with 3,249 rooms. Maryland Heights has 61 liquor establishments selling alcohol by the drink. Finally, the section of I-270 in Maryland Heights has an average daily traffic count reported by MoDOT of 180,000 vehicles, second highest in the state. The demographics of the 66,400 vehicles on I-270, the 6 million visitors to the casino, the 307,000 visitors to the amphitheater, and the 52,233 people employed in Maryland Heights are unknown and impact the validity of this report.

Agency response

The 2000 census does not accurately reflect the Hispanic and black population. The local pork processing plant employs Hispanics and blacks who weren't included in the 2000 count. Also, the Hispanics employed by PSF seem to be transient in nature. There is a turnover of these employees every three to six months who must learn the traffic laws of Missouri and this community.

Agency response

There are two large poultry plants that hire a large number of Hispanics. One plant, Tysons, is in Monett and the other plant, George's, is 12 miles south of Monett. Due to the large number of undocumented Hispanics, we have numerous traffic related problems (no valid drivers license, no vehicle insurance).

RACIAL PROFILING DATA/2003

Agency: New Franklin Police Dept.

Population:892
age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	120	113	7				
Searches	13	13	0				
Arrests	8	8	0				
Statewide population %	N/A	85.24	10.25	1.85	1.17	0.41	1.08
Local population %	N/A	96.30	1.12				
Disparity index	N/A	0.98	5.20				
Search rate	10.83	11.50	0.00				
Contraband hit rate	38.46	38.46	#Error				
Arrest rate	6.67	7.08	0.00				

Notes: Population figures are from the 2000 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100. #Error indicates zero denominator.

Agency response

RACIAL PROFILING DATA/2003

Agency: Normandy Police Dept.

Population: 3,916
age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	1015	232	753	5	10	2	13
Searches	100	8	90	2	0	0	0
Arrests	68	7	60	1	0	0	0
Statewide population %	N/A	85.24	10.25	1.85	1.17	0.41	1.08
Local population %	N/A	30.87	61.16	1.15	4.01	0.31	2.50
Disparity index	N/A	0.74	1.21	0.43	0.25	0.64	0.51
Search rate	9.85	3.45	11.95	40.00	0.00	0.00	0.00
Contraband hit rate	20.00	37.50	18.89	0.00	#Error	#Error	#Error
Arrest rate	6.70	3.02	7.97	20.00	0.00	0.00	0.00

Notes: Population figures are from the 2000 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100. #Error indicates zero denominator.

Agency response

Olivette has two major highways within its boundaries: I-170 is on the east and Highway 340 (Olive Boulevard) is a pipeline connecting thousands of people traveling into and through Olivette for business and pleasure. Olivette has several employers that employ hundreds of people. Over 53,000 vehicles utilize Olive Boulevard each day. Traffic enforcement, along with vehicle accident investigations and other highway incidents, make up the majority of the police departments duties. In 2002, we increased the traffic enforcement which lowered the accident rate. The Olivette Police Department is committed to making the streets within our boundaries as safe as possible for all people living, visiting, working or traveling through our city.

RACIAL PROFILING DATA/2003

Agency response

Osage Beach is in the heart of the Lake of the Ozarks recreation area. The 110 stores of the Factory Outlet Village Mall also make the city a regional shopping destination. The population expands from 3,142 year-round to well over 50,000 on the weekends, especially during the summer vacation season and fall shopping season. This influx explains the disparity between the local population and the drivers contacted and included in the racial profiling report for 2003. In addition, we have experienced a recent increase in our transient Hispanic population due to the local labor needs of the tourist industry.

Agency response

Our demographics for Pike County consist of the following highways and roads: Missouri 79, U.S. 54, U.S. 61 and Missouri 161. There are also numerous county paved highways and gravel roads. We have the Hercules Chemical Plant, Holcim Cement Plant, Plastic Factory, prison, Clarksville Dam and eight area schools.

Agency response

Percentages relating to traffic stops will not be accurate due to approximately 95 percent of our traffic stops involving non-residents on state roadways and interstate highways, and a high volume of traffic going to businesses located to the north and south of this jurisdiction.

Agency response

We have several east/west routes through our city with heavy traffic flow. The city is 10 square miles with 30,000 population and the school district is 32 square miles and serves nearly 60,000. 68 percent of our traffic stops are not Raytown residents.

RACIAL PROFILING DATA/2003

Agency: Reynolds County Sheriff's Dept.

Population: 5,316
age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	101	89	9	3			
Searches	4	4	0	0			
Arrests	1	1	0	0			
Statewide population %	N/A	85.24	10.25	1.85	1.17	0.41	1.08
Local population %	N/A	95.94	0.24	0.60			
Disparity index	N/A	0.92	36.44	4.93			
Search rate	3.96	4.49	0.00	0.00			
Contraband hit rate	25.00	25.00	#Error	#Error			
Arrest rate	0.99	1.12	0.00	0.00			

Notes: Population figures are from the 2000 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100. #Error indicates zero denominator.

Agency response

Richmond Heights is a 2.8-square-mile city incorporated in 1913 located on the western boundaries of St. Louis. Richmond Heights has three miles of U.S. 64 (Highway 40) running directly through it. Highway I-170 runs north and south from U.S. 64 to the city limits of Clayton. Located in Richmond Heights is the Galleria Shopping Mall. The Galleria Mall generates approximately 10 million shoppers or visitors each year. Richmond Heights has numerous office buildings including the 23-story University Club Towers office building. Richmond Heights also borders Clayton, which is the county seat for St. Louis County. Thousands of vehicles daily travel through Richmond Heights due to its geographic location. Estimated daytime population of Richmond Heights is 25,000.

RACIAL PROFILING DATA/2003

Agency: Salisbury Police Dept.

Population: 1,366
age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	37	35	2				
Searches	0	0	0				
Arrests	1	1	0				
Statewide population %	N/A	85.24	10.25	1.85	1.17	0.41	1.08
Local population %	N/A	94.00	4.61				
Disparity index	N/A	1.01	1.17				
Search rate	0.00	0.00	0.00				
Contraband hit rate	#Error	#Error	#Error				
Arrest rate	2.70	2.86	0.00				

Notes: Population figures are from the 2000 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100. #Error indicates zero denominator.

Agency response

The Shrewsbury Police Department is committed to the fair treatment of all citizens and visitors of our community. We support the Missouri Attorney General's efforts to better understand traffic enforcement activity and patterns. However, since the data in the Attorney General's report is descriptive in nature and not interpretive, further analysis of traffic stops, arrests and searches is needed so that more meaningful interpretations of the data can be made. Race-neutral explanations need to be considered and ruled out before any possible conclusions relating to disparate treatment can be drawn. Furthermore, we believe it would be more prudent to examine traffic enforcement activity in terms of the population that travels upon a community's roadways rather than its resident population. This would allow the data to then be examined in a much more appropriate context that would take into account the diversity of the surrounding region and the uniqueness of the motoring population of each individual community.

Agency response

The analysis does not consider the fact that 29 percent of the city's total traffic stops are non-residents. The Attorney General's analysis only compares the traffic stop data to the census population. Springfield is situated on Interstate 44 and is a destination for tourists traveling south to Branson and to the local Bass Pro Shops, the No. 1 tourist attraction in Missouri. Additionally, when examining the search rates, the probable cause/authority to search reasons should be taken into consideration.

Agency response

Station Casino had about 9 million attendance in 2003. The Department of Tourism estimated 1,250,000 plus visitors in 2003. Lindenwood University has 2,700 campus residents and 5,500 commuters. Interstate Highway 70 - five miles, Missouri Highway 370 - 5.5 miles, Highway 364 - one mile. There are two major highways, I-70 and I-370, providing access from the east and west. Major Route 94 provides access north and south through the city. The casino employs many individuals and has customers from the St. Louis metropolitan area. Criminal activity in St. Charles is, to some degree, attributable to persons who reside outside the city and who live in the St. Louis area. St. Charles has several major shopping centers that include Bass Pro, Sam's Retail Outlet, Wal-Mart, Lowe's, Home Depot and Target.

RACIAL PROFILING DATA/2003

Agency: St. Clair County Sheriff's Dept.

Population: 7,722
age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other

Agency response

62 percent of the traffic stops originated on St. Charles Rock Road (state Highway 180). This is a major thoroughfare between St. Louis and municipalities to the east that are predominately minority. Spot studies show that as much as 70 percent of the traffic traversing St. John on Highway 180 is minority. The rate of minority drivers is quite disproportionate to the citizens of St. John. The city has the first shopping center with a grocery store west of these minority communities and is the main corridor to Northwest Plaza, a large shopping center just west of St. John.

Agency response

Some 8.4 percent of the persons stopped by St. Louis police in 2003 were searched (2,725 searches out of 32,436 total traffic stops). Black citizens were, however, searched in 11.1 percent of traffic stops, as compared to 6.1 percent of white citizens. In effect, 661 more black citizens than white citizens were searched. Closer examination reflected that the disparity in the search rate was largely due to black citizens having an outstanding warrant in 696 cases, as compared to 110 cases for white citizens, a difference of 586. Since warrants issued by the courts have a bail requirement, officers must make a full custody arrest in those situations, which requires a search. The data further reflects that the reason for probable cause for the search reported by officers was higher for black citizens than white citizens for all reasons listed, to include incident to arrest (+388), voluntary consent (+152), reasonable suspicion of a weapon (+72), etc.

Agency response

While the data compiled in this report is informative, any conclusions drawn from the data must be tempered with common sense. For example, population data used to calculate the disparity index does not include members of the minority community that reside in the city of St. Louis and, therefore, increases the diversity of drivers on the roads within St. Louis County. Nor does the data reflect that in a majority of traffic stops, police officers do not know the race of the driver prior to initiating the traffic stop. The St. Louis County Police Department has a longstanding policy prohibiting all investigative detentions, traffic stops, arrests, searches or seizures of property based solely on race, ethnicity, gender, sexual orientation, religious beliefs, disability or economic level. All commissioned officers participate in annual cultural diversity and sensitivity training and specialized training that prohibits the illegal practice of racial profiling. The St. Louis County Police Department will continue to gather and monitor the data required in this report to ensure our officers continue to respect the rights of every individual.

Agency response

The following conditions may influence minority contacts in St. Peters: Interstate 70, Missouri highways 94, 370 and 364 pass through or terminate within the community. The Westfield Shopping Town Mall, a major retail development, is located along Interstate 70 and Highway 370. The community is home to several regionally significant office and professional campuses. Employees of local businesses, commuter traffic and retail customers significantly increase in the community's non-resident driving population.

Agency response

We are very unique in our population because of our role in the community. We are a university police department with approximately 16,000 students and another 3,000 faculty and staff personnel. Our student population is a diverse mix of international students and local community participants. Furthermore, the “transient” or “passing through” driving population is such that it is not measurable. There is no real community standards, or city to base our population on that would be an accurate depiction of our university. In addition, the amount of visitors to our campus for various functions is also not measurable. It is unknown what percentages of stops are made on university-related people and the number that is happenstance.

Agency response

Our agency services an area with a large percent of traveling population. Bordering Truman Lake and the increased amount of traffic that is encountered during the Missouri State Fair in nearby Sedalia would need to be considered for a more accurate picture of our data.

Agency response

The following is offered as additional information to further clarify and help put the data in fuller context. Located within the city limits are six major chain hotels and three major chain car rental agencies that employ Blacks as a large percentage of their workforce. Woodson Terrace is bordered to the east by Berkeley, whose majority population is Black. Located within the city limits are two Mexican restaurants, two Mexican groceries, one Hispanic currency exchange and an insurance brokerage firm whose primary clients and workforce are Hispanic. Interstate 70 and state Highway 115 travel east and west through the city and state Highway EE travels north and south with these major routes connecting Woodson Terrace to the surrounding and outlying areas. The north city limits adjoin Lambert St. Louis International Airport, which attracts a diverse segment of the population to include Blacks and Hispanics, with access gained via I-70 and Highway 115.

RACIAL PROFILING DATA/2003

Agency: Worth County Sheriff's Dept.

Population: 1,898
age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	33	33					
Searches	2	2					
Arrests	1	1					
Statewide population %	N/A	85.24	10.25	1.85	1.17	0.41	1.08
Local population %	N/A	99.00					
Disparity index	N/A	1.01					
Search rate	6.06	6.06					
Contraband hit rate	50.00	50.00					
Arrest rate	3.03	3.03					

Notes: Population figures are from the 2000 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100. #Error indicates zero denominator.
